April 16, 2010

Dear Families,

The Canandaigua Street reconstruction project will be starting on or about the first week of May. The project will result in many positive benefits for our school community. Once completed a separate lane will exist in front of the school for parking. This will certainly provide a safer drop-off/pick-up area for families. Sidewalks will be reconstructed to allow a better walking route for our children. As we wait patiently for these needed improvements, we will need to adjust to the construction occurring in front of the school.

Starting on Monday, April 26th, there will be no parking allowed on Canandaigua Street. Parking will have to occur on Main, Jackson, and Cuyler Streets. The sidewalks will remain open during May and June. Students and families that walk to and from school will still have the same access to the sidewalks leading to the main entrance.

For families that drive to drop-off or pick-up their children, Cuyler St. provides the closest access to the school. Therefore, the back gate of the parking lot will be open to allow for pedestrian traffic only. School personnel will be assigned to the back parking lot for supervision during drop-off (8:25am-8:45am) and pick-up times (2:50-3:15).

Student Pick-up is anticipated to continue to occur in the gymnasium by adding access to the gym from both the main entrance and the back parking lot.

We will continue to communicate any additional changes to parking, sidewalks, and/or student pick-up points as needed. A diagram has been enclosed as a general overview.

If you have any questions or concerns please feel free to contact me at (315)597-3475 or email at brian.brooks@palmacsd.org.

Thank you in advance for your patience and understanding.

Sincerely,

Brian Brooks
