Wayne County Hazard Plan: An email was received on December 11, stating that the draft of the revised Wayne County Multi-Jurisdictional All-Hazard Plan is available online for review. It was not printed out for Board members, as it is 110 pages long. But they were encouraged to look at it online.

Ken Miller and Mike Boesel participated in discussions concerning this draft and, thanks to professional help from the Ginna Power Plant, "Wayne County has an excellent Hazard Plan," said Ken Miller.

REPORTS OF STANDING COMMITTEES

Economic Development, Appeals and Town Clerk's Office Committee – Todd Pipitone, Chairman

1. Town Clerk's Office Report for December:

- **Lynne and Irene:** The outstanding item this month was our "Great Computer Crash of December 2013," (in addition to, and not to be confused with, the "Great Computer Crash of November 2013"--mentioned in last month's Report to the Board). All the departments were affected, and our department's PC server access was down about a week, with limited access to records. Reconstruction of hard drives has had its problems, and we are now re-evaluating our back-up capabilities. We are still getting used to new set-ups and are taking time to locate files, re-create lost files, and install new shortcuts.
- **Celeste:** Celeste couldn't access the server, but she says her PC wasn't affected. She still had some down time as her PC also had to be checked out and re-booted.
- **Everyone:** The Hunting/Fishing Licensing software has been in transition from one company to another, and for over a week, no one in NY State has been able to access the licensing equipment. We expect we'll also be affected in 2014 for a period of time until the transition is complete.
- **Lynne:** With long hours of no computer access, started the annual process of closing out the year by boxing up past meeting minutes, 2013 financial records, and creating new folders for 2014. This can become a tedious process, but it is the way to gear up for each new year.
- **Lynne:** Although the Board approved and signed the Snow and Ice Contract with Wayne County, we are still waiting for the insurance information before it can be sent on to the County.

TOWN CLERK'S
OFFICE
REPORT
FOR DECEMBER

- **Lynne:** Thanks go to Irene for filling in for me when Ken called a Town Board meeting on December 10th, with short notice, because I was unable to attend. November 26th minutes are ready for Board approval tonight.
 - **Irene:** Prepared agenda and completed minutes for Town Board meeting on December 10th; minutes are on agenda for approval tonight. As a follow-up, the contract with Humane Society that was approved that night has been returned to us signed, and has been filed.
 - **Irene:** "Entered" a week's worth of missing info from Town Clerk daily financials after latest server crash. We do keep a daily written log, which made this an easy, though time-consuming, task.
 - **Irene:** Tax bills are in hand, as well as the downloaded information from the county (very easy process with Williamson Law Book program). Organized escrow information from mortgage lenders, coordinated information with Assessor's office, and now sorting thousands of bills to be sent to mortgage lenders, etc, so we can send out bills on December 31st. We have received many tax calls in the office, and we've been answering many more questions because of numerous refinanced mortgages in our area.
 - **Irene:** Vital records filed, made bank deposits, balanced accounts, genealogy, marriage, death and FOIL requests this month, as well as dog renewal notices sent out, plus late-renewal letters.
 - **Irene:** Preparing end-of-year checkbook balancing for TC office.
 - **Celeste:** APPLICATION XTENDER Digitization and Scanning Project: Continue to identify and complete file conversion of existing vital records with ApplicationXtender & Town Clerk's electronic files. Birth, Death and Marriage records through 2012 done. Minutes and Burials in process. These are quite large. Expected completion--Feb.2014. Due to server problems in December, work could not be completed within AX.
 - **Celeste:** Records Scanned and OCR (2009 to current) Still in progress: Death records. Village and Town: Birth – Marriage – complete. Burial – Minutes: Scheduled completion January 2014. We provided information to NanoArk to invoice within this year's budget.
 - **Celeste:** ARCHIVES: Preparing to close 2012 records set for destruction. Completion set 1st quarter 2014.
 - **Celeste:** OFFICE GENERAL: In addition to routine tasks, prepared November cashbook report.
 - **Celeste:** Couldn't access the server when it crashed, but my PC wasn't affected.
2. **Legal Notices Required by Law:** At this time of year, two legal notices are published in the official Town newspaper, *The Times of Wayne County*. The first legal notice notifies residents that the 2014 Town and County taxes are being

LEGAL NOTICE
TOWN OF PALMYRA
NOTICE OF RECEIPT OF
TAX ROLL AND WARRANT FOR 2014

TAKE NOTICE that I, Lynne Green, the undersigned Receiver of Taxes for the Town of Palmyra, County of Wayne and State of New York, have duly received the tax roll and warrant for the collection of Town and County taxes within the Town of Palmyra of the year 2014, and that same can be paid by mail or at the Town Clerk's Office, Palmyra Town Hall, 1180 Canandaigua Road, Palmyra, New York, 14522, during business hours of 9:00 a.m. through 5:00 p.m. Monday through Friday.

TAKE FURTHER NOTICE that taxes may be paid on or before February 6, 2014 without charge or interest. On all taxes received after such date, there shall be added interest of 1% if paid on or before March 6, 2014, and an additional 2% after March 6, 2014. The last day of Town/County tax collection will be March 31, 2014.

TAKE FURTHER NOTICE that Town/County taxes may be paid in two installments, with the first half paid on or before February 6, 2014 without charge or interest. If the second installment is paid between February 7 and March 6, 2014, there shall be added interest of 1% on the remaining amount. If the second installment is paid between March 7 and March 31, 2013, there shall be added interest of 2% on the remaining amount.

FURTHER NOTICE IS GIVEN that there will be a \$20.00 fee for all returned checks.

TAKE FURTHER NOTICE that pursuant to the provisions of law, the tax roll of the Town of Palmyra will be returned to the County Treasurer of the County of Wayne on the first day of April, 2014.

Highway Committee – James Welch, Chairman

1. **December Highway Report:** Superintendent Mike Boesel submitted the following report from November 26 to December 26:

*Highway Superintendent Report
For Town Board Meeting of 12/26/2013*

- *Plowing/Sanding – To date this winter season we have made a total of 36 trips out of the barn. A comparison to this point of the past 3 winter seasons is below:*
 - *December 2012 - 7 trips, but 16 trips by end of Dec.*
 - *December 2011 - 3 trips, & only 5 trips by end of Dec.*
 - *December 2010 - 37 trips, & 41 trips by end of Dec.*
- *Salt Orders – So far for the month of December we have ordered 600 tons of salt, which puts us at 25% of our requested allotment of 2400 tons for the season.*
- *Winter Fleet Maintenance – Over the past 30 days we have continued with general maintenance on the entire fleet.*
- *Frozen Trucks - On two separate occasions we have had a truck freeze up on us already this year. On 12/17, the air system on T-28 would not function properly and we had to park it inside the shop with a salamander heater on it. The same truck froze up again on Christmas morning and we parked it inside the shop again and took T-18 to complete the route. Thankfully we are replacing this truck, but I would like to continue discussions with the Board about a heated truck barn in the future.*
- *Generator Grant – On 12/6/13, I received a request for additional information regarding our generator grant submittal. On 12/17/13 I submitted the requested information and we are now in a waiting period again.*
- *Tree Work – On 12/4/13, we did some tree work with Empire Tree Surgeons on Stafford Road, Parker Road, Palmer Road, Port Gibson Road and Floodman Road. On 12/5/13, we did our own tree trimming on Meadow Drive, Betty Brae, Bonnie Lane and Clover Street. Throughout the month of December the Village B&G crew has been trimming all the Village street trees as there were many areas of the Village where branches*

**DECEMBER 2013
HIGHWAY REPORT**

were coming in contact with our loader and trucks. We hope to continue some tree trimming in the Town throughout the winter months.

- *Boat Launch Project - In early 2013, the Village Board received a grant to upgrade the existing gravel boat launch at the end of Park Drive. We have been working directly with the Canal Corporation Officials regarding lowering the canal water levels so that we may pour the new concrete boat ramp. From 12/5-12/13, the Village and Town crews worked together with Brad and Andy Jacobs to complete this portion of the project. Picture—Attachment A.*
- *Dry Hydrant Project - Earlier this summer, during the fire on East Main Street, the Fire Department was pumping water from the Marina, up Market Street, to the scene. Afterward, it was decided that a Dry Hydrant should be installed within the Marina for ease of future pumping needs. We completed this work on 12/11/13 while the water level in the canal was lowered for our boat launch project. Picture—Attachment A.*

2. **Dolomite Permit Discussion:** Under discussion this evening was the Permit Issued Under Section 149 of the Highway Law. Both Dolomite and the Town agree on these terms. A copy of this Dolomite Permit is included with these minutes as Attachment B.

**TRUCK PURCHASE
DISCUSSION—
NEED TWO
RESOLUTIONS TO
APPROVE
PURCHASE**

3. **Truck Purchase Discussion:** To follow up on discussion in previous Board meetings, Mike said the Board needs to approve a resolution, not just a motion, to approve the purchase, because of the “piggybacking law” that allows more than one municipality to purchase equipment as a package. The resolution will be voted upon later in this meeting.

A second resolution is also needed this evening, this one concerning the outfitting of the truck, allowing for the purchase of the different parts we need for our truck. Mike said he expects the cab and chassis to be built in January, with his hope to have the truck in May.

**NO DECEMBER
PLANNING BOARD
MEETING**

1. **Town Planning Board Meeting:** Minutes of the December 9th Planning Board meeting were provided to Board members. There were no comments.

- 2. **Revisit Town Employee Smoking Policy:** This discussion, having been tabled at the December 10th Town Board meeting, was again brought up by Councilman Mike Lambrix. He made the motion that the topic be brought back on the floor for further discussion. A roll call vote was requested.

 Councilman Dave Nussbaumer Nay
 Councilman Todd Pipitone Nay
 Councilman James Welch Aye
 Councilman Mike Lambrix Aye
 Supervisor Ken Miller Aye

MTN: REVISIT TOWN EMPLOYEE SMOKING POLICY

Revisiting the topic was approved, 3 Ayes, 2 Nays.

Jim Welch and Mike Lambrix discussed the concept of increasing penalties to match increasing number of offenses. They also felt the smoker should take the responsibility to pay the town for offenses or, if not, then be terminated. Questions in the discussion included "How do we know it gets paid?" Answer: it can be taken out of the employee's paycheck. "What fines should be imposed?" Answer possibility: cash within 30 days, with each offense more money.

MORE DISCUSSION ON PROPOSED POLICY

Ken then suggested Mike Lambrix "put up a draft for a new resolution, amending the current policy" hopefully by the January 7th Organizational meeting. Todd added after the final policy is passed, each employee should "sign off" on the policy, and that new employees should also "sign off" when receiving their employee handbooks.

ANOTHER DRAFT TO BE WORDED

- 1. **Assessor's Office Report for December:** Assessor Elaine Herman submitted the following report:

DECEMBER 20, 2013

We are still dealing with the Basic STAR renewal applications that the State is requiring this year. I got a list of all property owners who had not reapplied with the State, 228 all total for the Town and Village. We sent a letter to those property owners to remind them that they need to do this in order to retain their STAR exemption. I also got a notification from the State that they will be making telephone calls to all those owners to remind them that they have not done this

ASSESSOR'S OFFICE DECEMBER REPORT

procedure yet and they need to get it done before December 31, 2013.

We have also sent out postcards or letters to all the Enhanced STAR, also known as the Senior STAR citizens to let them know that the State notified us that they are still eligible for their exemption or that they need to bring us some more information so we can verify their eligibility. There were about 200 people on that list.

We are still getting applications from the Enhanced STAR applications that we sent out in September to owners who are not in the automatic income verification program. There are 500 people on that list.

Joan's computer got a virus and had to be wiped out and the server went down at the same time. Then we just got back up and running when the server went down again, so Joan does not have all her programs reinstalled yet. These companies do not give us CDs with the programs on them so that the programs cannot be installed on computers that are not licensed. I have to call all the software companies and have them reinstall them. We are waiting until next year to do this so hopefully all the problems will be worked out with the server by that time so we don't have to have them reinstalled twice. A couple of the programs need to be reinstalled on my computer also, as they are based on the server.

If you have any questions or concerns, please don't hesitate to let me know and I will get back to you as soon as I have an answer.

INFORMATIONAL ITEMS

**TOWN OF
WALWORTH—
PROPOSED
LOCAL LAW
NO. 1 OF 2014**

- 1. **Town of Walworth—Proposed Local Law No. 1 of 2014:** Paperwork from the Town of Walworth concerning this local law "Amending Existing Chapter 180 of the Walworth Municipal Code" was received by the Palmyra Town Clerk. This information is sent to neighboring towns, notifying them of the Hearing, which will be held February 20th, in case they have issues with the changes noted in the amending of Chapter 180 of Walworth's municipal code.

- 2. **Public Input:** Palmyra resident Marc Carrier said he has looked into the "SuperFund" concerning the closed landfill on Garnsey Road. He found we do not qualify, as the first thing to consider if the landfill is to be considered "hazardous." Marc thinks there are issues. He talked with the DEC about looking over the site. After doing so, the agent had some suggestions. He said the "ball is in the Town's court now," and will contact the Board to see about issues. Marc added he thinks "things were done properly at the landfill's closing," but maybe it doesn't meet today's standards.
