Town of Palmyra Supervisor  
1180 Canandaigua Road  
Palmyra, NY 14522

Dear Town Supervisor,

RE: DEC Site ID: 859008  
Site Name: Old Palmyra Landfill  
Site Address: Garnsey Road, Palmyra, NY 14522

As mandated by Section 27-1305 of the Environmental Conservation Law, the New York State Department of Environmental Conservation (DEC) must maintain a registry of all disposal sites known to contain hazardous wastes. It is DEC's policy to notify the owner of all or any part of each site or area included or potentially to be included in the Registry of Inactive Hazardous Waste Disposal Sites ("Registry") as to changes in site classification.

Our records indicate that you are the owner or part-owner of the above-referenced site. Based on the information that has been gathered to date, (Records Search Report, December 2019; Site Characterization Report, January 2021; Supplemental Site Characterization, March 2022), the DEC has determined that the site does not qualify for placement on the Registry. However, environmental conditions were identified that must be addressed to ensure proper closure of the landfill. Based on discussions with the Town, the environmental issues will be addressed under an Order on Consent with the Division of Materials Management (DMM). If the Town of Palmyra does not enter into an Order on Consent with DMM, the Division of Environmental Remediation (DER) reserves the right to reopen the site under the Part 375 State Superfund Program.

Staff from DEC's Region 8 office in Avon will be contacting you soon regarding your next steps. If you have any further questions, please contact me at (518) 402-9672.

Sincerely,

Brittany O'Brien-Drake  
Project Manager – Section D
